**Program Summary**

Now entering its 21st year, the Haitian Summer Institute is a six-week program designed for anyone interested in acquiring basic conversational proficiency in Haitian Creole and also for those students who wish to continue their Haitian Creole Language training at the intermediate and advanced levels. The FLAS-approved institute begins at FIU's Modesto Maidique Campus in Miami and culminates with an optional study abroad to Haiti, which provides participants with a unique opportunity to further immerse themselves in Haitian Creole while experiencing the country first-hand.

The program begins with intensive Haitian Creole language training in Miami which is divided into two tracks. Students participating in the Miami portion have two enrollment options: Accelerated Beginning Haitian Creole for the first half of the Miami portion and Accelerated Intermediate Haitian Creole for the final half of the Miami portion, or Accelerated Intermediate Haitian Creole for the first half of the Miami portion and Accelerated Advanced Haitian Creole for the final half. In addition to the Institute's intensive language courses, participants are introduced to Haitian history and culture through lectures in English and Haitian Creole presented by nationally-recognized Haitianists and Diasporic leaders, film, technical training sessions and tours of Miami's Little Haiti neighborhood. Classes in Miami are held Monday through Friday and include a morning and afternoon session. Housing is available on campus at an additional cost\*.

The study abroad is designed to further expose students to Haiti, its culture and its people through a highly-structured trip to Haiti. Participation in the Study Abroad is required for FLAS Fellows, but optional for others. Space is limited and priority is given to FLAS Fellows and degree-seeking graduate students, although professionals/non-traditional students are encouraged to apply.
