Middlebury College Portuguese School FLAS Eligible

Location: Middlebury, Vermont

Dates: June 19 – August 7, 2015

Program Summary:

This 7-week Portuguese summer immersion program is part of the Language Schools at Middlebury College. During its 100-year history, the Middlebury College Language Schools have developed a worldwide reputation for innovative pedagogy anchored on the Language Pledge®—a commitment by students to speak only the target language in all situations during every hour of the day—and supported by an array of co-curricular activities.

Students will be enrolled in one of five levels according to their proficiency as determined by placement tests and prior experience with Portuguese or other Romance languages and will take 3 courses (9 credit hours). Students will also have the opportunity to take graduate-level credits to be transferred to other programs. Emphasis is on Brazilian Portuguese. Students will engage in activities that will emphasize presentational, interpretive, and interpersonal modes of communication both orally and in writing. The Portuguese School offers non-degree graduate level instruction in addition to the undergraduate program. These classes are designed for students currently enrolled in graduate programs elsewhere and whose home institutions accept the credit transfer. Students interested in this level of instruction should verify with their home institutions about the feasibility of graduate credit transfer to their program of study.

Portuguese language learning extends into lectures, films, hiking, and evening gatherings. Every week, we offer a variety of co-curricular activities such as soccer, volleyball, capoeira, yoga, dance, theater, cooking, and more. Each activity is designed to help students build new vocabulary while developing cultural fluency. The program is open to anybody who has had one year of college-level work.

Program Eligibility and Credits:

We strongly recommend that students complete at least one year of college prior to attending the Middlebury Language Schools. Applications from high school seniors whose records demonstrate the academic achievement and social maturity required to succeed in a residential college-level intensive immersion program will be considered.

The Language Schools select students for admission who show the potential and desire to succeed in a rigorous academic environment. Having previously attended the Language Schools, Middlebury College, the Monterey Institute of International Studies or the Middlebury-Monterey Language Academy does not guarantee admission.

You may enroll in courses at one Language School only, and typically only at one level of study. You are, however, welcome to apply to more than one School: to do so, you must submit a complete application to each School (including a separate application fee).

Admission is for one summer only and cannot be deferred to a future year.

Program Fee:
